EXPERIENCE

Rockville Centre Electric Department

Rockville Centre, NY

Billing Intern, 40 hours per week

May 2024 - August 2024

- Organized and maintained 800+ billing records in Excel, verifying entries against service logs to ensure accurate financial reporting and reduce errors
- Reconciled accounts and tracked outstanding payments, generating monthly billing summaries to support cash flow management and revenue monitoring
- Coordinated with foremen and internal teams to ensure proper documentation of services, enabling accurate invoicing and compliance with department standards

Pharo Management

New York City, NY

Summer Intern

July 2024 - August 2024

- Analyzed global market trends, socio-political factors and financial data across emerging markets including China and Senegal to identify optimal investment opportunities for the firm
- Collaborated with 12 interns in London via Zoom and email, presenting economic research, incorporating feedback to refine investment recommendations

Jeannine's Gifts

Rockville Centre, NY

Sales and Client Services Associate, 20 hours per week

November 2024 - Present

- Processed daily transactions and reconciled point-of-sale data with internal records, ensuring accurate financial reporting and minimizing discrepancies across 40+ client interactions
- Monitored inventory levels across multiple product categories, identifying low-turnover items and communicating restocking needs to reduce over-ordering and carrying costs
- Assisted with promotional planning and monitored associated costs, supporting marketing budget management and operational decision-making

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Gator Wealth and Asset Management – FDP Wealth Management

Gainesville, FL

Analyst

September 2023 - May 2025

- Developed a comprehensive financial plan, incorporating projected budgets to support long-term client wealth strategy and retirement planning goals
- Collaborated with 2 other analysts to construct a multi-scenario financial model for a simulated client household, incorporating income, expenses, assets, and liabilities to project long-term financial health and recommend wealth-building strategies
- Delivered a formal 10-minute financial plan presentation to local wealth advisors, fielding questions and incorporating iterative team feedback throughout the planning process to produce a client-ready deliverable
